

Cholester-Reg II

90 capsules, Herbal combination, Stock No. 557-7

If you're concerned about maintaining healthy cholesterol levels, reach for Cholester-Reg II.

Nature's Sunshine has put together an amazing formula of natural ingredients that offer wonderful potential for those concerned with promoting heart health and maintaining cholesterol levels that are already within the normal range.

Did you know?

Human studies show that policosanol can effectively play a role in maintaining cholesterol levels already in the normal range. Additionally, participants benefited because policosanol also shows an ability to help maintain already-normal platelet aggregation (clotting). In fact, studies show that 20 mg policosanol is as effective as 100 mg aspirin in maintaining already-normal platelet aggregation.

NSP Advantage

90 capsules. Herbal Combination.

Each ingredient in this formula plays an important role in the effectiveness of the product. Policosanol appears to perform a similar action in the body as red rice extract. Plant sterols compete with the absorption of cholesterol in the body. Inositol nicotinate helps relax smooth muscles and improves microcirculation. Resveratrol maintains LDL

and triglyceride levels already in the normal range. Artichoke powder (*Cynara scolymus*) benefits the liver, promotes digestion and is popular in Europe for its ability to maintain cholesterol levels that are already in the normal range.

Ingredients: Medicinal Ingredients: Each capsule contains phytosterol blend 150 mg of an extract standardized to not less than 79% total sterols [derived from soybeans (*Glycine max*) and from oils of corn (*Zea mays*), canola (*Brassica spp*) and cottonseed (*Gossypium spp*)], *Cynara scolymus* (artichoke) leaves 150 mg; inositol nicotinate 150mg; *Polygonum cuspidatum* (Japanese knotweed) root 10 mg of an extract standardized to not less than 16% resveratrol; *Saccharum officinarum* (sugar cane) stalk 1.75 mg of an extract standardized to not less than 50% octacosanol (this ingredient is also known as policosanol).

Non-medicinal ingredients: gelatin capsule (gelatin, water), cellulose, magnesium stearate, stearic acid, silicon dioxide,

Recommendation: Take one capsule with a meal three times daily.

Risk Information: Do not use if you are pregnant or breastfeeding. Consult your health care provider before using if you are currently taking any cholesterol-lowering agents. Cholesterol levels should be checked regularly. For adults 20 years of age or older only.

KEEP OUT OF THE REACH OF CHILDREN.
