

# TNT Bar

## Nutritional energy bar, Stock No. 8236-2

The TNT Bar is a delicious and nutritious energy bar that puts the health benefits of your TNT drink mix into a convenient, easy-to-eat, carry-anywhere food. It's perfect for people on the go, athletes, teenagers, school children looking to fill the after-school but before-dinner void, and office workers who might be tempted by the chocolate bar machine in the hall. It's also a great healthy snack for weight watchers.

### *Did you know?*

TNT Bar is the ultimate in convenience and portability:

- Each TNT Bar is individually wrapped for your convenience and packaged in a box of 12 so you're never out of them.
- It's easy to eat – not chewy and gooey like some other bars on the market.
- The yogurt coating isn't sticky or runny under normal temperature, so you can eat it anywhere you go.
- TNT Bar has a yogurt coating and an irresistible natural lemon flavour.
- You should store your TNT Bars in a cool, dry place to insure longer shelf life and freshness.

### *NSP Advantage*

- Nutritional supplement packed with an explosion of energy.
- No artificial flavours, colours, sweeteners or preservatives.

- Each bar has a full complement of 25 different vitamins and minerals.
- Each 50-gram bar has only 200 calories.
- TNT Bar has 28% of calories from protein, 26% from fat and 46% from carbohydrate. This balance is ideal for everyone, because it's half way between the high-carbohydrate bars favoured by athletes and the high-protein bars favoured by proponents of The Zone and similar diets.
- Sweetened with honey.
- Preserved with citric acid and malic acid.
- Cholesterol-free.

*Ingredients:* TNT Bar Protein Blend (soy protein isolate, whey protein concentrate, calcium caseinate, milk protein isolate), glucose-fructose, yogurt-flavoured coating (sucrose, modified palm kernel and palm oil, yogurt powder [cultured whey protein concentrate, cultured skim milk and yogurt culture], skim milk powder, soy lecithin and natural flavours), maltodextrin, honey, sorbitol, vitamin/mineral premix, soy lecithin, soybean oil, fructo-oligosaccharides, salt, citric acid, malic acid, natural flavours

May contain traces of peanuts and/or tree nuts.

*Recommendation:* Eat a TNT Bar whenever you need a boost of energy or a healthy snack.

## Features & Benefits

- Contains both simple and complex carbohydrates for immediate and sustained energy.
- Contains only the highest quality proteins supplied by our proprietary TNT Protein Blend including soy protein isolate, whey protein concentrate, calcium caseinate and milk protein isolate.
- Contains fructo-oligosaccharide (FOS), which provides soluble fibre for a healthy GI tract. FOS also acts as a food source for the friendly bacteria (acidophilus and bifidobacteria) in your intestine.
